

To Mgr. Connors  
Re. Doreen - concerns expressed by parents

To the principal & passed onto us by the Ed. Council

① First conversation between the principal & a parent took place on 12/9/85. The parent expressed concern with the fact that Fr. Seanson had a tape recorder going while hearing confession. The lady's daughter had told her mother that the tape recorder was going & that it was taping. The mother indicated to the principal that she told her daughter that he (the daughter) could have been imagining it was taping what was said. The daughter indicated that she was positive that it was taping the confession.

The parent's name is Mrs. REDACTED

The second conversation took place with mother on 16/9/85. The mother indicated an concern that Fr. Seanson asks children to kneel between his legs when they go to confession. The mother indicated that she told her daughter she doesn't have to kneel & that if she doesn't want to, & that if Seanson insists then she is to come straight to.

The parent's name is Mrs. BTX

The parents indicated the events were of recent origin.
