Subject: REDRESS...

I do see the following as Summary to much further detail I hope to address .

" REDRESS "
& 'JUSTICE'

EQUALING not only a 'survivor' but to approach being a "VICTOR" over Multiple & COMPLEX and CONTINUING abuses.

JUSTICE RE-INVESTMENT..... In Personal PRODUCTIVITY.

A REAL RESPONSE..... RESOURCING to approach and REJUVENATE. .

... To make 'organic and fluid' an Enlivening of RESTITUTION. .and MEASURABLE...

RESTITUTION to REPARATION to REPARATION.... to actual collaborative acknowledged REPAIR to RESTORATION yes approach, ACCOUNT & RESTORE that which is possible.

So to ACCOUNTING (& REGULARLY) aiming at as standards.... HOUSING PRODUCTIVITY & SOCIAL (& for me SPIRITUAL) PARTICIPATION.

THAT TRUE RECOMPENSE be Responsive to accounted LOSSES (both actual cumulative\projected) eg super, assets, employment promotions etc.

LIVING NOW is in the fluid organic and granular RECURRENT (& recurrence of) "EMERGENCY STAGE" engaging (of often constant) realization of complex trauma and RESPONSES..... Some examples for me from lived EXPERIENCES AND CURRENT COMPROMISES in Life:

.....Authorities (eg Policing & Justice-)

Risk arises from retention of skewed intelligence records... repeatedly

Employers

responses after revelation of abuses.

Insurers

eg income protection.. I realized a claim could have been made..

.Though this was years after employment was compromised so also Employment itself WAS COMPROMISED....

RECLAMATION.....

To Explicitly RECLAIM ... re Acknowledging & Apology...." Public " (WHERE OFFENSES WERE MADE PUBLIC) THIS ATTENDING to restoration of REPUTATION -OR AT LEAST ACKNOWLEDGING REPUTATIONAL DESTRUCTION DEFAMATION\SLANDER.

Attending then also to Bullying Obstruction, Felony Misprison of Felony multiple.

Yet so MUCH is seeming unable to be attended\approached.

STILL LOSS/es CAN be ACCOUNTED and NOTICED.

ACCOUNTED & COST approached even
pro-rata (?) In the Time & Life LOST.

Thanks for your time Adam Bartley

Subject: Redress... To attempt to conclude... about 58 recordings....

I strongly suggest that the preceding recordings comprise Components of, or are the essences of that which would, could or should approach or make up Redress. Then, from LIVED Experiences and that these DO APPROACH HEALTH AND HEALING.... & that without didue attention, which for me (& I'm sure for the many) still living in these horrors, of JUST SURVIVING just cannot approach any quality of life while the Obstructions and 'obstructors' (?) are not reduced.

Of course I would be content to address any of the matters raised if invited.

Thank you to anyone brave enough, and with time enough to review (for sure a couple of hours of journalling). They attend the cost and experience of living a stolen and therefore lost life. Sure about the telling and claiming voice but much more will found found addressing the grasping for agency amenity and product... At this end of a life compromised.

Thank you for traveling this far.
