My name is [REDACTED] I don't know if you received my email through my sister address so I am resending it.

Since being in [REDACTED] Brisbane has made me suicidal over the years & I have been in & out of institutions for mental problems. I find I can't return to that place unless I have my eyes closed going up the road that leads to the main gate. I was physically & mentally abused by the nuns & I am very weiry around a lot of people. Thankyou for listening to me & trying to help us

Yours gratefully
