To Whom it Might Concern.

My name is [REDACTED]

I am writing in regards to the redress for Royal Commission into child abuse of children in care.

What I would like the redress to cover.

1. Funeral coverage
2. Medical expenses
3. Education expenses
4. Compensation to help pay for every day expenses ie;
Electricity, gas, rent, clothing, food.

I am not asking for a lifetime of these payments for everyday living but an injection in helping me get ahead so I am not always feeling like I am behind and on the back foot all the time.

Thankyou for taking the time and effort in hearing and listening to all the submissions as I know to hear all this on a daily basis must have been hard and for that I am eternally great full.

Kind regards
